Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1902 to 30th June 1907.**

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 31,000 and 35,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1900-01 having been 363,723 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 20° under-proof separately for jaggory arrack and for molasses arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to separate shop-keepers and to renters of vend farms, during the currency of the contract granted under this Notification. For double-distilled or rectified spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer as well as the persons entitled to vend the same will be allowed to fix their own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th February 1902**, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Twenty-five Thousand Rupees**, and shall execute an agreement, in the prescribed form on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I. The contractor will be required to manufacture arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government: and such repairs, to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily a supply sufficient for a month's consumption, (31,000 gallons at the present rate of consumption) and *never less* than 18,000 gallons of admissible spirits in terms of 20° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distil Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, distilled water only being invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the arrack at the Government Distillery or other place where he may be allowed to manufacture the same. Such sales shall only be—

1*st*. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain;

2*nd*. To separate shop-keepers licensed to sell in the Cities of Bangalore and Mysore and Kolar Gold Fields and in other places to which the Separate Shop System has been or may be extended;

3*rd*. To renters of Vend Farms to whom the Government may sell the right to vend Arrack in defined tracts;

4*th*. For the supply of the Government Excise Depôt in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station, through the Senior Officer in charge of the Distillery. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

(2) The contractor shall have no interest in the retail vend of Arrack.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depôts and to Hospitals and other public institutions, on the Excise Commissioner's requisition.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depôt in the Civil and Military Station for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other Country Spirits and Special Liquors not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the Distillery to Bonded Depôts if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depôts for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable

price to be fixed by the Excise Commissioner calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. Timely notice of the price thus fixed will be given to the outgoing contractor, and to intending tenderers by a notification duly published in that behalf.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

The rates of still-head duty and retail price of single distilled spirits of greater or less strength than 20° under-proof, will be calculated proportionately upon the rates for 20° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration. When any liquor other than ordinary arrack manufactured in pursuance of this privilege or any liquor falling within the definition of foreign liquor is supplied by the contractor for sale within the Civil and Military Station, the duty chargeable thereon shall be assessed at the rates leviable for similar liquor of similar strength under the Tariff Act, VIII of 1894.

NOTE 3.—For double-distilled or rectified spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof, in accordance with Casella's Rules. But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of August 1901, incurred an expenditure of Rs. 87,831 on account of plant put up.
